AK Consultants (AKC) is a leading “GO ABROAD” consultancy that helps Indian Students pursue education in overseas. Founded in July 2006 by A Aladi Arun, alumni of the University of Waikato, New Zealand, AKC has offices in Chennai, Madurai and also services clients globally through online.

AKC is an Education New Zealand recognized agency and also British council/ IDP trained trainer. An organization where integrity, trust and ethics are ingrained in its DNA, Team AKC invests a lot of time in every student, as they see student’s future as theirs too. This is the AKC difference and that’s why 95% of its students transit to successful careers upon graduation abroad.

In 2018, AKC had 100% Student Visa Approval rate (Source Immigration NZ). It provides the complete set of professional and personal services of going abroad (career counseling, admissions, bank loans, visas, forex , travel, insurance, accommodation ) and also has Immigration services channel partners in Canada, Australia & New Zealand.

AKC’s strong connect with its old students stands as a true testimony to its services . Its alumni and their families are its biggest ambassadors.

*The reasons for going abroad may be endless for students; but AKC’s primary focus will always be on a student’s career.*
