Four Hand Massage

four hand massage is a kind of massage that has 2 masseurs or therapists for one client. They practice synchronized technical massage movements and apply the same pressure and pace on both sides of the body (left and right) which increases the level of muscle relaxation and massage benefits

Happy Ending Massage

If you are there for at least 1h, it creates a stronger bond with the person doing it to you because she's relaxing you in a quiet place, with background music, candles, oil, perfume and not in a rush to get the “job” done. So automatically, you want more than relaxation.

Thai Massage

Unlike a Swedish massage, oil isn't used and your muscles typically aren't kneaded. Instead, the practitioner will use their hands, thumbs, elbows, and knees to stretch, pull, and rock different parts of your body. They may even sit on you to stretch you into certain positions

Full Body Massage

In a full-body massage, a therapist will massage the entire body during a therapeutic massage. Sessions typically last a minimum of 60 minutes which allows enough time to work over all the major areas of the body like the back, shoulders, legs, feet, arms, hands, and neck.

Sandwich Massage

Sandwich massage is also known as four hands massage and it is quite popular in Delhi. The best part about this massage is that the moves of all four hands are marvelously synchronized and the massage take will never come to know that there are two different females carrying on with the massage therapy.

Body To Body Massage

Body to body massage, it's just that you are both naked and the masseur or masseuse will use other body parts beyond just hands to massage, knees, feet, chin any hard bones that will put good pressure upon the body, others might grind their entire body up and down to give a more erotic sensual or sexual edge to the massage. Women using their breasts and inner thigh to massage legs etc.

Nuru Massage

Nuru Massage is a Japanese Erotic Massage from Kawasaki city. The technique require one or more nuru masseuses to rub their body against the client's body after both parties are nude and covered with an odourless and tasteless massage lotion.
