**Closet By Dia** began in 2015, inspired by a little girl with a big love for dressing up my daughter, Dia. What started as a mother's passion for creating something special soon grew into a boutique where imagination meets craftsmanship.

Every outfit is handmade by our small team of skilled seamstresses who pour love into every stitch. We design royal prince costumes for boys, custom onesies, and family matching outfits that turn life's moments into beautiful memories.

From birthday outfits to mother–daughter dresses, each piece is made to order using premium fabrics and thoughtful details that make your family's story shine.

If you're dreaming of a look that's just yours color, embroidery, or theme we'll bring it to life with care. Visit Closet By Dia on Etsy to discover timeless, personalized styles made with heart.
