4 Hands Massage

Try a 4 Hands massage, if you've ever wondered what true pampering feels like. It's is exactly what it sounds like – two masseuses instead of the usual one. The masseuses work in synchronized motion. One leading and the other following as they slowly swirl their hands up your naked body.

Body to Body Massage

Spa Soul Massage involves the masseuse massaging the client using her body. It's a very unique way to experience titillating intimacy and uncontrollable pleasure.

The masseuse will rub warm massage oil all over your naked body and then start to press, slide and caress her skin against yours. It's warm, slippery and completely erotic. You're guaranteed for a wild ride.
